An act to amend Sections 1798.81.5, 1798.82, and 1798.85 of the Civil Code, relating to personal information privacy.

### LEGISLATIVE COUNSEL'S DIGEST

AB 1710, as amended, Dickinson. Personal information: privacy.

Existing law requires a person or business conducting business in California that owns or licenses computerized data that includes personal information, as defined, to disclose, as specified, a breach of the security of the system or data following discovery or notification of the security breach to any California resident whose unencrypted personal information was, or is reasonably believed to have been, acquired by an unauthorized person.

This bill would instead require a person or business conducting business in California that owns or licenses computerized data that contains personal information to disclose, as specified, a breach of the security of the system or data following discovery or notification of the security breach to any California resident whose personal information was, or is reasonably believed to have been, acquired by an unauthorized person unless the data was encrypted, as specified. If the person or

business was the source of the breach, the bill would require the person or business to offer to provide appropriate identity theft prevention and mitigation services, if any, to the affected person at no cost for not less than 24 months if the breach exposed or may have exposed specified personal information. The bill would also require a person or business that maintains but does not own the data to notify the persons affected at the same time that notice is given to the owner or licensee, as specified.

Existing law requires a business that owns or licenses personal information about a California resident to implement and maintain reasonable security procedures and practices appropriate to the nature of the information, to protect the personal information from unauthorized access, destruction, use, modification, or disclosure.

This bill would expand these provisions to businesses that own, license, or maintain personal information about a California resident, as specified.

Existing law prohibits a person or entity, with specified exceptions, from publicly posting or displaying an individual's social security number or doing certain other acts that might compromise the security of an individual's social security number, unless otherwise required by federal or state law.

This bill would also, except as specified, prohibit the sale, advertisement for sale, or offer to sell of an individual's social security number.

Vote: majority. Appropriation: no. Fiscal committee: no.  
State-mandated local program: no.

*The people of the State of California do enact as follows:*

1     SECTION 1. Section 1798.81.5 of the Civil Code is amended  
2     to read:  
3     1798.81.5. (a) (1) It is the intent of the Legislature to ensure  
4     that personal information about California residents is protected.  
5     To that end, the purpose of this section is to encourage businesses  
6     that own, license, or maintain personal information about  
7     Californians to provide reasonable security for that information.  
8     (2) For the purpose of this section, the terms "own" and  
9     "license" include personal information that a business retains as  
10    part of the business' internal customer account or for the purpose  
11    of using that information in transactions with the person to whom

1 the information relates. The term “maintain” includes personal  
2 information that a business maintains but does not own or license.

3 (b) A business that owns, licenses, or maintains personal  
4 information about a California resident shall implement and  
5 maintain reasonable security procedures and practices appropriate  
6 to the nature of the information, to protect the personal information  
7 from unauthorized access, destruction, use, modification, or  
8 disclosure.

9 (c) A business that discloses personal information about a  
10 California resident pursuant to a contract with a nonaffiliated third  
11 party that is not subject to subdivision (b) shall require by contract  
12 that the third party implement and maintain reasonable security  
13 procedures and practices appropriate to the nature of the  
14 information, to protect the personal information from unauthorized  
15 access, destruction, use, modification, or disclosure.

16 (d) For purposes of this section, the following terms have the  
17 following meanings:

18 (1) “Personal information” means an individual’s first name or  
19 first initial and his or her last name in combination with any one  
20 or more of the following data elements, when either the name or  
21 the data elements are not encrypted or redacted:

22 (A) Social security number.

23 (B) Driver’s license number or California identification card  
24 number.

25 (C) Account number, credit or debit card number, in  
26 combination with any required security code, access code, or  
27 password that would permit access to an individual’s financial  
28 account.

29 (D) Medical information.

30 (2) “Medical information” means any individually identifiable  
31 information, in electronic or physical form, regarding the  
32 individual’s medical history or medical treatment or diagnosis by  
33 a health care professional.

34 (3) “Personal information” does not include publicly available  
35 information that is lawfully made available to the general public  
36 from federal, state, or local government records.

37 (e) The provisions of this section do not apply to any of the  
38 following:

1 (1) A provider of health care, health care service plan, or  
2 contractor regulated by the Confidentiality of Medical Information  
3 Act (Part 2.6 (commencing with Section 56) of Division 1).

4 (2) A financial institution as defined in Section 4052 of the  
5 Financial Code and subject to the California Financial Information  
6 Privacy Act (Division 1.2 (commencing with Section 4050) of the  
7 Financial Code).

8 (3) A covered entity governed by the medical privacy and  
9 security rules issued by the federal Department of Health and  
10 Human Services, Parts 160 and 164 of Title 45 of the Code of  
11 Federal Regulations, established pursuant to the Health Insurance  
12 Portability and Availability Act of 1996 (HIPAA).

13 (4) An entity that obtains information under an agreement  
14 pursuant to Article 3 (commencing with Section 1800) of Chapter  
15 1 of Division 2 of the Vehicle Code and is subject to the  
16 confidentiality requirements of the Vehicle Code.

17 (5) A business that is regulated by state or federal law providing  
18 greater protection to personal information than that provided by  
19 this section in regard to the subjects addressed by this section.  
20 Compliance with that state or federal law shall be deemed  
21 compliance with this section with regard to those subjects. This  
22 paragraph does not relieve a business from a duty to comply with  
23 any other requirements of other state and federal law regarding  
24 the protection and privacy of personal information.

25 SEC. 2. Section 1798.82 of the Civil Code is amended to read:

26 1798.82. (a) A person or business that conducts business in  
27 California, and that owns or licenses computerized data that  
28 includes personal information, shall disclose a breach of the  
29 security of the system following discovery or notification of the  
30 breach in the security of the data to a resident of California whose  
31 personal information was, or is reasonably believed to have been,  
32 acquired by an unauthorized person unless the data was encrypted  
33 in conformance with the Advanced Encryption Standard of the  
34 National Institute of Standards and Technology, Federal  
35 Information Processing Standards Publication 197, as amended  
36 from time to time. The disclosure shall be made in the most  
37 expedient time possible and without unreasonable delay, consistent  
38 with the legitimate needs of law enforcement, as provided in  
39 subdivision (c), or any measures necessary to determine the scope  
40 of the breach and restore the reasonable integrity of the data system.

1 (b) (1) A person or business that maintains computerized data  
2 that includes personal information that the person or business does  
3 not own shall notify the owner or licensee of the information of  
4 the breach of the security of the data immediately following  
5 discovery, if the personal information was, or is reasonably  
6 believed to have been, acquired by an unauthorized person.

7 (2) In addition to notifying the owner or licensee of the data,  
8 the person or business that maintains the data shall notify persons  
9 affected by the breach at the same time that notice is given to the  
10 owner or licensee by United States mail if the person or business  
11 has a mailing address for the subject persons or email notice if the  
12 person or business has an email address for the subject persons. If  
13 the subject persons cannot be notified by mail or email, the person  
14 or business shall provide notice by the following methods:

15 (A) Conspicuous posting of the notice on the Internet Web site  
16 page of the person or business, if the person or business maintains  
17 an Internet Web site page, for at least 30 days.

18 (B) Notification to major statewide media.

19 (c) The notification required by this section may be delayed if  
20 a law enforcement agency determines that the notification will  
21 impede a criminal investigation. The notification required by this  
22 section shall be made promptly after the law enforcement agency  
23 determines that it will not compromise the investigation.

24 (d) A person or business that is required to issue a security  
25 breach notification pursuant to this section shall meet all of the  
26 following requirements:

27 (1) The security breach notification shall be written in plain  
28 language.

29 (2) The security breach notification shall include, at a minimum,  
30 the following information:

31 (A) The name and contact information of the reporting person  
32 or business subject to this section.

33 (B) A list of the types of personal information that were or are  
34 reasonably believed to have been the subject of a breach.

35 (C) If the information is possible to determine at the time the  
36 notice is provided, then any of the following: (i) the date of the  
37 breach, (ii) the estimated date of the breach, or (iii) the date range  
38 within which the breach occurred. The notification shall also  
39 include the date of the notice.

1 (D) Whether notification was delayed as a result of a law  
2 enforcement investigation, if that information is possible to  
3 determine at the time the notice is provided.

4 (E) A general description of the breach incident, if that  
5 information is possible to determine at the time the notice is  
6 provided.

7 (F) The toll-free telephone numbers and addresses of the major  
8 credit reporting agencies if the breach exposed a social security  
9 number or a driver's license or California identification card  
10 number.

11 (G) If the person or business providing the notification was the  
12 source of the breach, an offer to provide appropriate identity theft  
13 prevention and mitigation services, if any, shall be provided at no  
14 cost to the affected person for not less than 24 months, along with  
15 all information necessary to take advantage of the offer to any  
16 person whose information was or may have been breached if the  
17 breach exposed or may have exposed personal information defined  
18 in subparagraphs (A) and (B) of paragraph (1) of subdivision (h).

19 (3) At the discretion of the person or business, the security  
20 breach notification may also include any of the following:

21 (A) Information about what the person or business has done to  
22 protect individuals whose information has been breached.

23 (B) Advice on steps that the person whose information has been  
24 breached may take to protect himself or herself.

25 (4) In the case of a breach of the security of the system involving  
26 personal information defined in paragraph (2) of subdivision (h)  
27 for an online account, and no other personal information defined  
28 in paragraph (1) of subdivision (h), the person or business may  
29 comply with this section by providing the security breach  
30 notification in electronic or other form that directs the person whose  
31 personal information has been breached promptly to change his  
32 or her password and security question or answer, as applicable, or  
33 to take other steps appropriate to protect the online account with  
34 the person or business and all other online accounts for which the  
35 person whose personal information has been breached uses the  
36 same user name or email address and password or security question  
37 or answer.

38 (5) In the case of a breach of the security of the system involving  
39 personal information defined in paragraph (2) of subdivision (h)  
40 for login credentials of an email account furnished by the person

1 or business, the person or business shall not comply with this  
2 section by providing the security breach notification to that email  
3 address, but may, instead, comply with this section by providing  
4 notice by another method described in subdivision (j) or by clear  
5 and conspicuous notice delivered to the resident online when the  
6 resident is connected to the online account from an Internet  
7 Protocol address or online location from which the person or  
8 business knows the resident customarily accesses the account.

9 (e) A covered entity under the federal Health Insurance  
10 Portability and Accountability Act of 1996 (42 U.S.C. Sec. 1320d  
11 et seq.) will be deemed to have complied with the notice  
12 requirements in subdivision (d) if it has complied completely with  
13 Section 13402(f) of the federal Health Information Technology  
14 for Economic and Clinical Health Act (Public Law 111-5).  
15 However, nothing in this subdivision shall be construed to exempt  
16 a covered entity from any other provision of this section.

17 (f) A person or business that is required to issue a security breach  
18 notification pursuant to this section to more than 500 California  
19 residents as a result of a single breach of the security system shall  
20 electronically submit a single sample copy of that security breach  
21 notification, excluding any personally identifiable information, to  
22 the Attorney General. A single sample copy of a security breach  
23 notification shall not be deemed to be within subdivision (f) of  
24 Section 6254 of the Government Code.

25 (g) For purposes of this section, “breach of the security of the  
26 system” means unauthorized acquisition of computerized data that  
27 compromises the security, confidentiality, or integrity of personal  
28 information maintained by the person or business. Good faith  
29 acquisition of personal information by an employee or agent of  
30 the person or business for the purposes of the person or business

35 either of the following:

24 States Department of Veterans Affairs, for the purposes of  
25 determining the inmate's status as a military veteran and his or her
